In order to re-register a motorcycle under the V765 scheme on an age related number the vehicle must be in a road worthy condition, and able to move under its own power, hold a current MOT certificate (unless exempt under the 40 year rule). Substantially modified vehicles fall outside the 40 year rule and must hold a valid MOT certificate, (refer to the DVLA rules on modified vehicles if unsure) unless the modifications were completed over 30 years ago. Documentary evidence will be required by the club.

Please note that the Taxation Classification is HISTORIC.

You must also send me the following, the competed V55/5, two proofs of ID, one of which must be either your driving licence, passport or birth certificate (these can be copies) the MOT certificate (if applicable) or a V112 exemption from MOT certificate, category "R" and a cheque for £55.00 made payable to the DVLA SWANSEA. For all Northern Ireland applicants a valid insurance certificate recorded on the frame number is also required.

An Age Related Number is only available if we can establish the date of manufacture, and the vehicle is substantially correct for that year.

In order to produce a dating certificate **I will also require Rubbings of the Frame and Engine Numbers together with two photographs of the numbers showing their position on the bike/engine and two photographs of your machine**, one of each side, along with a cheque made payable to The British Two Stroke club Ltd, full club member's £15.00 part or non-members £25.00

The following statement must be put on the reverse of one of the photographs. This inspection is purely a confirmation of numbers.

I have inspected this motorcycle on (insert date of inspection)

Address where inspected _____

I confirm that it is exactly as seen in this photograph

The Engine Number is _____

The Frame Number is _____

Date _____

Signature _____

Name _____

Address _____

Status _____ Telephone Number _____

This must be completed by an independent fully paid up member of the BTSC Ltd or a person who would be eligible to fill in the reverse of your passport. Police Officer, Doctor, Local Councillor, MP etc, you cannot inspect your own vehicle.

All original paperwork will be returned.

Yours sincerely

Howard Blakeborough

Dating Officer
